OUR TEAM

We have had some changes to our Riverview Team this year.

We said goodbye to Lisa and Dallas and thanked them for a great 5 years at the helm of Riverview. We welcomed Rohan Sharp as our new park manager and Terri Walker has taken on the role as our Customer Service Team Leader. Barwon Coast has also created a new role of Accommodation Services Manager to help improve our focus on all caravan parks and camp grounds and we welcome Daniel Payne into this role. 

PARK UPGRADES

Like most of you, we have been working hard through the winter months to get Riverview in tip-top shape for summer. Our Barwon Coast team have also been working across the coastal reserves throughout the year. Some of the works we have undertaken include:

A new surfbeach complex at Ocean Grove Main Beach, including the new The Dunes restaurant

and the Ocean Grove Surf Lifesaving Club; Ongoing works to tackle erosion at Ocean Grove Main Beach including a new beach access ramp, sea wall and rock revetment wall. These works will pause from late December and resume after the Australia Day weekend;

New signage displaying the new Riverview logo and colours to help campers find their way.

What's good to know?

DON'T JUMP - REALLY

Water depth can change dramatically within minutes under local jetties and bridges, so please watch children and don't risk it.

PROTECT YOUR VALUABLES

It is good idea to keep all your valuable items such as eskies, bikes and surfboards out of sight where possible whilst staying in our caravan park.

THE LOCAL PORT OF BARWON HEADS

Vessel speed limits within the river and 200m from the beach is 5 knots. This increases the safety of all water users and protects the estuary environment.

Mariners should be aware that the water is very shallow at low tide and adhere to all channel markings. Jet skis are not permitted to be launched from or landed on any Barwon River beach. Boating information is available from the Barwon Coast office adjacent to the Barwon Heads Caravan Park office.

Summertime and Wildlife

HOODED PLOVERS

The Hooded Plover is a beach nesting bird that is highly threatened. Hooded Plovers breed throughout summer months and you may see areas of the beach roped off in 'Temporary Exclusion Zones' to protect nesting birds and chicks. These roped off areas may also be used for other animals such as seals too.

Please avoid walking in or near these areas as this discourages the chicks from feeding at the water's edge which is critical to their survival. It is also an offence not to obey exclusion zone signage. For more info see www.barwoncoast.com.au/hoodedplovers

MARINE SANCTUARY

The beautiful Barwon Bluff Marine Sanctuary is right beside the caravan park. The Sanctuary is a 'No Take Zone' and fishing or taking of any creatures, rocks, seaweed is

NOT allowed. When enjoying any local rock pools, we encourage a 'look but don't touch' approach. The animals that live there need to be left in their own environment. Also, the extremely poisonous and hard-to-see Blue Ringed Octopus lives in the rockpools.

WILDLIFE

Your coastal holiday is made unique by the wildlife that calls the Barwon Coast home. Please do not feed the wildlife as this can result in aggressive behavior or health problems for the wildlife. On hot days please feel free to place a shallow dish of water out so wildlife can rehydrate.

And watch out for snakes.

KEEP OFF SAND DUNES

Sand dunes are fragile ecosystems that require a covering of indigenous plants to maintain their integrity. Please stay on beach access

paths and off the dunes for your own safety and for the health of the dunes. Digging into or climbing on sand dunes is extremely dangerous and it could also cost you big. Fines can be in excess of \$3000 for vegetation damage.

PLASTIC BAGS

The local communities of Ocean Grove and Barwon Heads are working hard to go 'plastic-bag-free'. Please shop with a reusable bag whilst you are on holiday. 'Why not grab yourself one of our gorgeous 'Eco Totes' for only \$10?

We'd love a review on Facebook, Google or Trip Advisor. Or just pop into the office and let us know how your visit is going.

And thanks for the love so far! Here is what some of our guests have said about us.

“One of the best places in the world. Such an awesome location. Just a walk across the road to the surf or a stroll down the path to the river. Extremely kid friendly. Great bike and walking paths to get to over to Barwon Heads etc - just love this place”

“We thoroughly enjoyed our cabin stay. Cabin was spotless and we can't wait to return with our camper trailer. Sites look well set out, roomy and grassed. And the park is located in a beautiful spot on the river.”

“Location, location, location!!! Beach and River!!!”
